Driver Education Courses

The Speed Awareness Course helps clients explore why they have exceeded the speed limit and develop a personal speed awareness strategy. The course is for motorists who have been detected exceeding the speed limit within an agreed threshold. It is delivered in an interactive workshop format. At the end of the course clients should be able to:

- Examine why limits are needed and recognise limits.
- Understand that a speed below the posted limit is frequently appropriate.
- Identify what causes them to speed.
- Identify the disadvantages of speeding and consequences of misusing speed.
- Recognise different speed limit areas.
- Demonstrate knowledge of appropriate use of speed.
- Develop their personal Speed Awareness Strategy.

To complete the course you will be required to; attend for the entire duration of the course, complete course paperwork (where required), make a positive contribution to the course through active participation and demonstrate a responsible attitude to safe driving.
